# **CRII results and arising questions for ARCII**

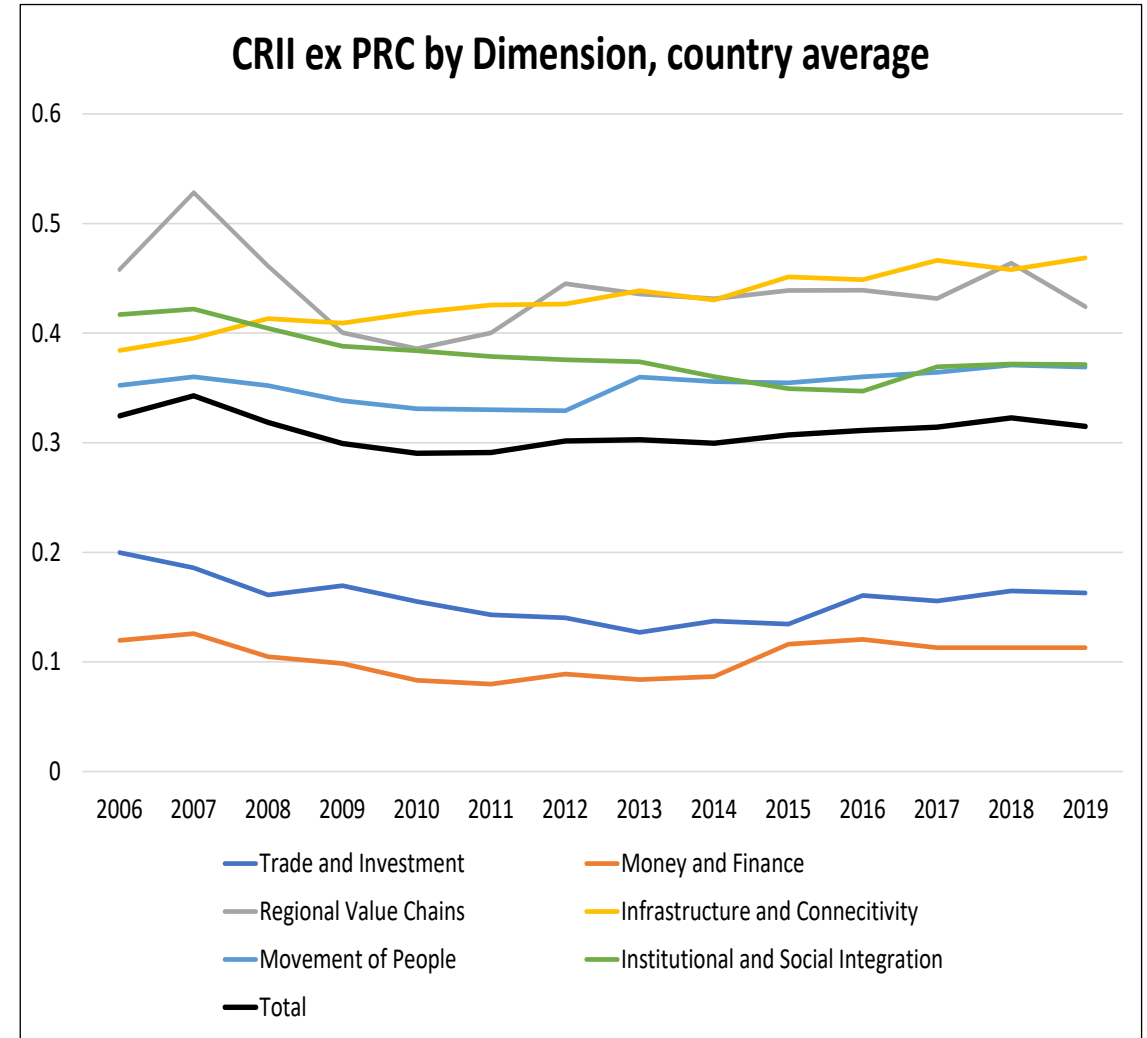

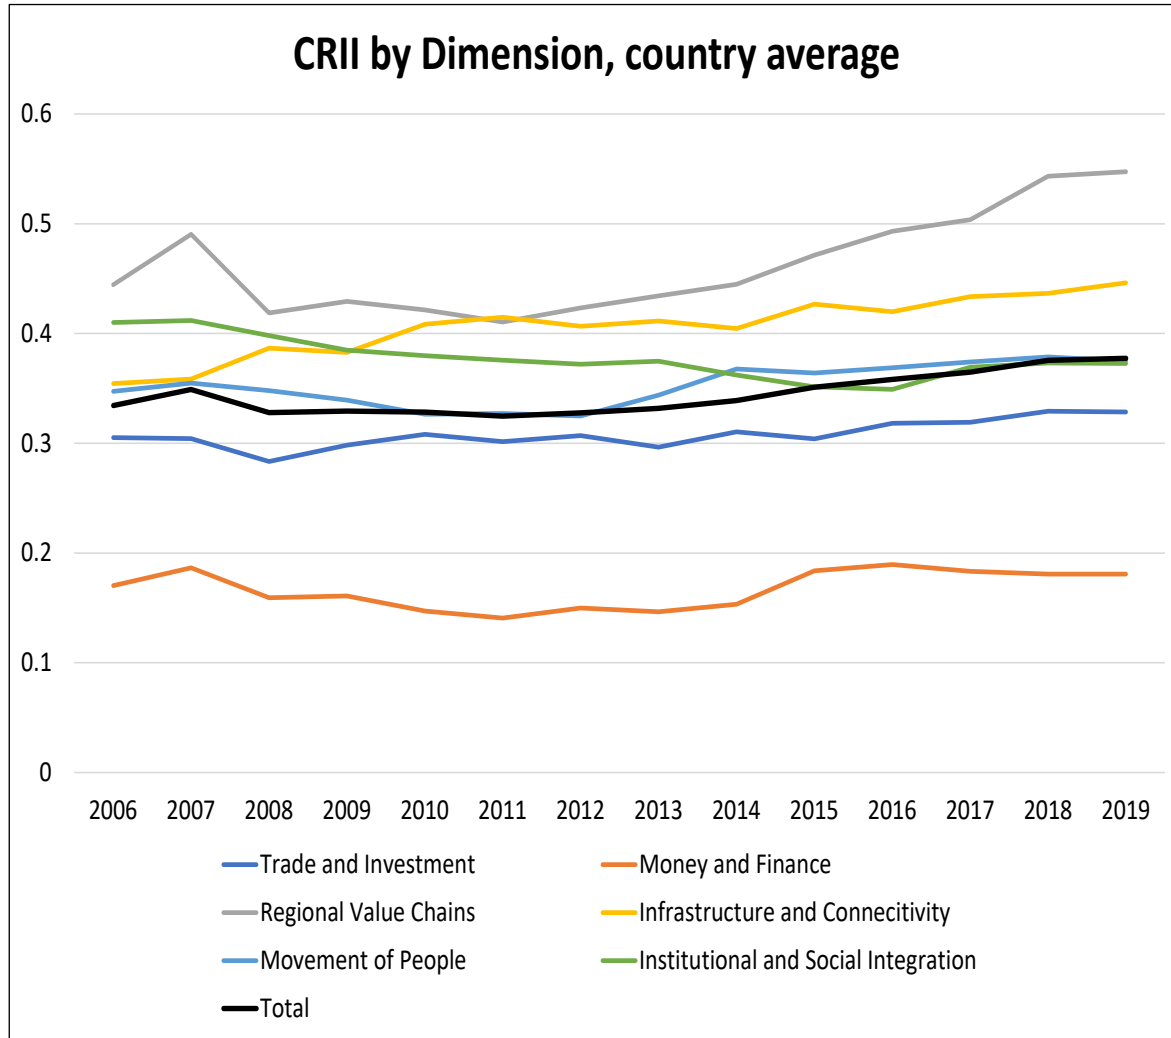

**Hans Holzacker**

# CRII update results: Lower integration than in the previous report, but increase within the new report

# CRII update results: Highest and increasing integration in Regional Value Chains, lowest and stagnating in Finance

# CRII issues, options, and their relations to the reform of ARCII

---

- **Robustness of results**  
*/ annual updates to make shifts smaller?*
- **Names of dimensions (don't always reflect what they measure), grouping of indicators**  
*/ renaming, regrouping?*
- **CAREC integration and cooperation concept**  
*/ new dimensions?*

**Looking forward to a fruitful discussion!**
